

# Desoldering wick 2.00 mm 3.00 m

## General information

CHEM-WIK M3 2.0MM 3.0MTR the industry standard in desoldering braid for all service and repair - anything less is not worth the risk! This light gauge, pure copper braid features excellent thermal conductivity at lower temperatures for the fast and easy removal of solder. Responds up to 50% faster than conventional desoldering braids. A purified rosin type flux is ultrasonically applied to protect the copper from oxidation and to increase the wicking action of the braid.

## Specifications

Colour:	green
Width:	2
Length:	3000

## Sales information

Order code:	<b>CHEM-WIK M3</b>
Product description:	Desoldering wick 2.00 mm 3.00 m
Packaging:	Unpacked
Brand name:	ChemWik

Quantity	LxWxH (mm)	Weight
1	45x8x45	12 gr.
25	50x50x225	312 gr.
1000	250x270x385	13340 gr.
